DAILY SIGN IN SHEET

To keep all healthcare personnel and our patients safe, all UW Medicine personnel are being asked to sign this document at the beginning of their shift or work period.

By signing below, you (staff, faculty, trainee, student) are attesting that 1) you are aware of the UW Medicine policy against reporting to work if you have any of the symptoms below and 2) you have none of the symptoms:

1. Fever
2. New cough that is not attributable to another medical condition
3. New muscle aches (myalgias) not attributable to another medical condition or another specific activity (e.g. due to physical exercise)
4. Throat pain (pharyngitis) not attributable to another medical condition
5. New shortness of breath (dyspnea) not attributable to another condition

**If presenting with these symptoms please notify your manager and return home.**

Thank you for helping keep our patients and staff safe!
