Valet Parking Infection Prevention Policy

In an effort to maintain a safe environment for all patients, visitors, staff, vendors, and contractors, anyone doing business with Parking and Commuter Services must adhere to this policy.

- Wash hands between each contact. If soap and water are unavailable, use hand sanitizer.
- After breaks, wash hands before returning to your post.
- Clean equipment with a sanitizing wipe after each use.
- When appropriate, utilize PPE such as gloves to avoid direct contact with contaminated surfaces.
- Cover your cough and sneezes.
- Stay home if you are sick.
